

Check-list of the Birds of Kingston, Ontario

Published by The Kingston Field Naturalists

Updated March 2015

This check-list includes 382 species for which acceptable specimen, photographic or written documentation exists for the Kingston region of Ontario. The list has been prepared and approved by the Rare Birds Committee of the KFN. The names of the birds and their taxonomic arrangement follow the American Ornithologists' Union (AOU) Check-list of North American Birds, Seventh Edition, 1998, and subsequent supplements 42 through 55 inclusive published annually in The Auk. The 55th supplement appeared in October 2014.
